

*The Assisted Living Community at Summit by Morrison offers individualized care plan options to help residents with the activities of daily living such as dressing, bathing, medication management and meal preparation. These plans can be adjusted at any time depending on each resident's needs. For resident safety, our caring and compassionate staff are available 24 hours a day, conducting routine safety checks.*

To help residents feel like they're in a home environment, each studio apartment is equipped with a private bathroom and kitchenette. Residents also have access to shared spaces including living rooms, a communal kitchen and a family-style dining room to create a feeling of community.

Residents can also choose from a variety of social, cultural, health and wellness programs which enable residents to pursue their passions and interests – and even find new ones.

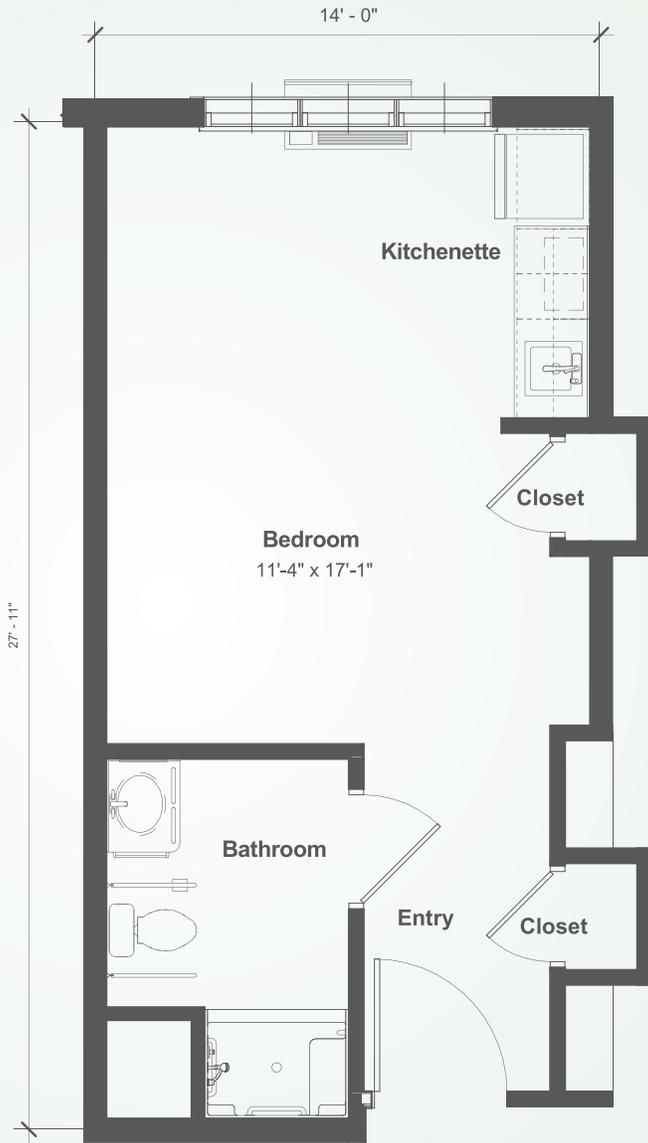

The Assisted Living Community at Summit by Morrison is focused on finding ways to help residents feel comfortable, secure, happy and connected to things that matter most to them.

In addition to receiving help with activities of daily living, including bathing, dressing, meal preparation and medication management, residents benefit from:
