

Summit

by Morrison

*A first-of-its-kind
senior living community in
the heart of New Hampshire's
White Mountains region.*

*As a non-profit organization with
a connection to the region that
dates back to 1903, we help seniors
live as independently as they can
by providing customized care and
support when they need it. We are
dedicated to keeping seniors in their
community, near friends and family,
with the quality care they deserve.*

Memory Care

Unparalleled Senior Living

Summit by Morrison is designed to ensure residents' comfort and safety no matter what their needs.

Licensed healthcare professionals are on site 24 hours a day to plan and oversee health and wellness activities, and to help residents of Assisted Living and Memory Care with activities of daily living. Our nutritionist and dietary staff work with each resident to tailor menus to meet his or her dietary needs, nutrition plan and tastes.

Summit by Morrison residents have access to a full continuum of care, so they have the option to age in place, earning priority status when they are ready to move from one level of care to another.

Assisted Living

The Assisted Living apartments, located in Summit House, are for residents who would benefit from assistance with tasks such as personal care, dressing and medication management.

Residents have full access to all community amenities and can enjoy a dining room, living room and den designed specifically for Assisted Living.

Memory Care

The Memory Care apartments are solely for residents who require specialized memory care. Our highly-skilled and compassionate staff tailors each person's care plan to his or her specific needs.

Building on our experience in this specialty, we have included elements such as abundant natural lighting, a thoughtful layout that promotes a sense of independence, and meal choices. We offer innovative activities that are designed to help individuals reconnect with favorite hobbies and interests. And our private outdoor memory garden offers therapeutic benefits through nature.

Independent Living

Independent Living cottages and apartments are designed for people who no longer have the ability or desire to maintain a home. We offer residents convenient services, a friendly neighborhood setting and social activities without the burden of home ownership.

Summit by Morrison brings the best of the White Mountains to the best of senior living. It features stunning views and a pristine campus of 25 acres that blends New England-style buildings into the land's natural beauty. Amenities include:

- Restaurant-style dining with chef and wait staff
- Concierge service
- Hair salon
- Transportation to recreational and cultural events
- A variety of life-enriching wellness, social and recreational programs for all residents
- Activity rooms
- Nurses and licensed healthcare professionals on site 24 hours every day
- Laundry services
- 24-hour security
