

Sartwell Place Assisted Living

The Morrison 
Skilled Nursing Facility
Sartwell Place Assisted Living

Sartwell Place Assisted Living provides residents with all the comforts of home, including private and semi-private rooms, in a safe and supportive environment. This is the ideal alternative for seniors who want to maintain their independence, but need assistance with the activities of daily living, such as meal preparation, housekeeping, laundry, bathing and medication management.

Studies show we fare better as we age by living independently as long as possible in a community environment. At Sartwell Place Assisted Living, independence is promoted without compromising safety.

Our professional staff provides exceptional care in a loving, friendly and home-like atmosphere. We offer 24 private and semi-private rooms with their own bathrooms, 24-hour care and a nurse on call, as well as social, recreational and art activities.

Residents can personalize their rooms with furnishings and family mementos, and families are encouraged to visit regularly.

In addition to receiving help with the activities of daily living, including bathing, dressing, meal service and medication management, residents benefit from:

- Physical and Occupational Therapy and Speech Pathology
- Beverage and snack cart service
- Resident focused activities
- Laundry services
- Housekeeping
- Hairdresser services

Live Your Life to the Fullest

Sartwell Place Assisted Living has created a home-like and active environment for residents that includes:

- Family dining room, living room, family/sitting room
- Group outings
- Outdoor summer gazebo
- Wi-Fi, cable television and phone services are available
- Church services
- Assistance with arranging transportation for medical appointments
- Family events

Sartwell Place Assisted Living also offers Respite Care for those times when family caregivers need temporary relief.
